National Education Day

Shobhaben Pratapbhai Patel School of Pharmacy & Technology Management (SPPSPTM) SVKM's NMIMS University, celebrated National Education Day commemorating birth anniversary of first education Minister of India Maulana Abdul Kalam Azad on November 11, 2018.

SPPSPTM faculty members along with students participated in the celebration to promote education with the theme 'The importance of education and the nation's commitment to all aspects of education'. To commemorate this occasion a seminar was organised at SPPSPTM.

The guest speakers for the seminar were Dr. Mangal Nagarsenker, Ex-Professor, BCP and Adjunct faculty SPPSPTM, NMIMS and Dr. Bala Krishnamurthy, Associate Dean – Accreditation & Professor, SBM, NMIMS.

Dr. Saritha Shetty, Associate Professor, welcomed the gathering and gave an introduction about the importance of the day and introduced the speakers. The seminar started with the first speaker, Dr. Nagarsenkar emphasizing on Pharmacy education system, its evolution, progress and current status. She also talked about the new academic curriculum and research. She mentioned that the education system should involve research based teaching curriculum. She shared few of her experiences and made us realize how to adopt the teaching tools and focus on teaching learning systems and improve on it.

The second speaker, Dr. Bala Krishnamurthy spoke about the education system, wherein a benchmark need to be set with quality education. She highlighted on interdisciplinary, student exchange programs with national and international universities, research based case study discussions that need to be promoted. She also mentioned that pedagogy in education systems should be made more attractive with appropriately deploying technologies.

The seminar concluded by felicitation of the speakers with a token of appreciation.
