8.0 Placement Guidelines:

NMIMS is a premier University of the country and the Business School is in existence for over three decades. Our alumni occupy senior positions in leading companies across sectors. Over the years NMIMS has earned recognition from industry & professional associations, corporates, peer group institutions and accreditation agencies. All these laurels and recognitions would have been incomplete without the support of the corporate world.

It is also a great place to recruit potential young managers and business leaders. Leading companies across sectors consider our students for recruitments/ internships.

NMIMS has a cordial relationship with the corporate world and many companies have supported us even during tough times. We would like to continue this mutually symbiotic relationship. Hence, it is expected that students understand this sentiment and behave responsibly at all times. Any untoward incident will jeopardize this relationship and have serious repercussions for placements and for the future.

NMIMS as a premier University of higher learning and the corporate world expects students to display high standards of knowledge, capability and excellence. Recruiters also look for serious candidates who are clear about their long term plans, the sector they want to be and profile they want to undertake.

Placement assistance is offered to students of various programs across Schools. It is the prerogative of the Schools to decide, which of the programs this service should be offered.

The Placement Office of School facilitates the process of placements – internship & recruitment by creating an interface between recruiters and students. Efforts are made to market the programs with their merits with an endeavour to get companies to offer internships/recruit students. The selection process specified by the company is followed. The PlaceCom - Placement Committee of students are actively involved in the placement activities – contacting/visiting companies located in metros & major cities for placement presentations and also coordinate various activities during the placement processes.

The Placement Office devises placement guidelines that are in the larger interest of the School and students, in consultation with students and faculty.

Students are expected to maintain decorum and abide by the guidelines during placement processes. In the event of non-conformance to the placement guidelines, the School reserves the right to initiate corrective action.

The Placement process typically involves –

- Batch Preparation

- Pre Placement Talks
- Internships/projects
- Final Placements

8.1 Batch Preparation:

- 8.1.1 The Comprehensive Batch Preparation Program is to enhance the suitability of candidates.
- 8.1.1.1 Interactive sessions with alumni/industry experts in various profiles that help students to gain clarity on role/fit, understanding expectations of the company, future prospects - career evolution, right approach for cracking interviews, listen to first-hand experience & get a feel of life in a particular profile etc.
- 8.1.1.2 Interaction with seniors who have undergone internships in companies.
- 8.1.1.3 Assigning seniors or alumni as mentors to guide students.
- 8.1.1.4 Mock interviews with alumni/corporates to get a direct feedback from people in relevant industries.
- 8.1.1.5 Guest talks and workshops on various topics from corporates.
- 8.1.1.6 Resume building as per guidelines
- 8.1.1.7 Soft skills training etc.
- 8.1.2 Prior to the commencement of the selection process it is expected that students should be having a fair idea about their interest, sector, and specialisation or at least have some long term vision of where they want to be and should direct their efforts accordingly. A bit of clarity will help students land a good internship/job.
- 8.1.3 Hence students should do a thorough research about the company, the business, the sector, other players in the sector, the financials, etc. and be prepared with a background and fact file prior to the process. Also some additional information – the number of interns/recruits in the past, whether the company has a PPO policy, the roles offered, the experience of seniors who interned with the company etc. will be of help.
- 8.1.4 The Placement Office also involves companies in a number of Campus Engagement activities – contests, projects, workshops, seminars, guest talks etc. that would benefit a larger number of students and also help in promoting the excellent quality of the batch.
- 8.1.5 Based on the guidelines, students will have to prepare their resume that would encapsulate info about academics, work experience, internship, co-curricular activities, extracurricular activities, projects, awards, achievements, hobbies etc.

8.2 Pre Placement Talk – PPT

PPTs are a medium wherein the company officials disseminate information regarding the company, the profile, the compensation etc. and clarify the queries of students. The company officials invest time and effort to disseminate info and the interactive session will make them feel visiting our campus was worth it. Hence students are requested to participate and ask relevant questions.

8.3 Internships/Projects

- 8.3.1 The Placement Office makes all efforts to reach out for internships across varied sectors, companies and profiles. Based on ones interests and capabilities one should seek internships. Choosing the correct company for internships and performing up to the mark is of utmost importance.
- 8.3.2 The Internships are not only a window to the corporate world but also a relationship building tool for NMIMS. It allows the companies to have a look at the talent at NMIMS, thereby strengthening Final Placements.
- 8.3.3 Internships are an integral part of the curriculum for securing the degree. It is a great learning platform for our students and goes a long way in shaping the learning obtained in the class room. This experience is of immense use to students to enable them to acclimatize themselves to the intricacies of the corporate world.

- 8.3.5 Interactions during the internships both with other interns as well as employees help students to understand the expectations/needs of the organisation, the sector in general, to identify the gaps in their learning and in orienting oneself towards the sector and developing the required skill sets to emerge as the most suitable candidate.
- 8.3.6 Internships also hold a special significance as it is an apt mechanism for companies to spot bright talent early. Many companies have structured internship process which is used as a 'testing ground' to gain a direct understanding of the skill and ability of students leading to declaration of PPO's/PPI's. NMIMS too encourages candidates to work towards such offers that are based on internship performance.
- 8.3.7 Pre Placement Offer (PPO) is an Offer by the company to the intern acknowledging the excellent work done during the internship. Pre Placement Interview (PPI) is an opportunity by the company for the intern to be directly selected for the interview for final placements. Thus, the students should be careful in applying to the companies of their choice and should put in all efforts to convert the internship into an Offer. Thus, the seriousness of this cannot be overstated.
- 8.3.8 While feedback from the company is sought, the internship is also evaluated by School that could involve faculty guide monitoring the performance; periodic report submissions, evaluations, Viva Voce etc.

8.4 Final Placements

- 8.4.1 Leading companies across sectors aspire to recruit students of NMIMS. Each company has its own set of characteristics or qualities that they look for in a candidate. Hence, the company devises the eligibility criteria and selection process accordingly.

10.0 Feedback Mechanism:

- 10.1 The NMIMS has a well-established online feedback mechanism (through Blackboard) for communication of your perceptions. The components of this feedback mechanism are:
 - 10.1.1 Oral Feedback at the end of the third week of every trimester/Semester. Dean / Directors /Programme Chairpersons/HOD will meet students personally.(if applicable)
 - 10.1.2 Online Feedback is taken using a questionnaire preferably in the last session of every course in each trimester/Semester. This feedback is compiled and statistics are placed before each faculty member by the end of the trimester/Semester.
- 10.2 All students should get involved in this mechanism seriously as it truly helps the NMIMS improve the quality of services and teaching provided.
- 10.3 These are open ended questions in which student can reflect learning and teaching aspects of the course.
- 10.4 While sharing the feedback to the faculty members, student's identity is kept confidential.

11.0 Mentoring Programme / 'Psychologist and a Counsellor':

- 11.1 **Mentoring Programme:**
Students (as applicable school wise) have been assigned faculty mentors whose role is to help assimilate the NMIMS culture, facilitate intelligent choice making regarding selection of courses, help in identification of resources needed by all students. Do meet your faculty mentor regularly as per their convenience and availability.
- 11.2 **Psychologist and a Counsellor:**

- i. "I cannot concentrate or focus nor can I sleep, at times I get so scared that I go blank in my exams!"
- ii. "Since the time he left me I cannot put my attention to anything I will not be able to live anymore..... can't bear it if he is not in my life!"
- iii. "I have lost my confidence I often compare myself with others and feel I am not as good as them"
- iv. Nobody understands what I am going through....people become judgemental instead of understanding and supporting, .Whom to share it with?
- v. Who will be able to really help?

Have you had such incidents where you are not able to cope up with the situation?

Or have reacted very harshly and then later realised that reacting to the situation was not really not needed and in the process you damaged the understanding you had with your friends and family? But you just do not know what went wrong then? Do not understand what triggered?

As normal social human beings at any given time in life we could go through difficult times and are confused as well as not able to share our difficulties with others fearing their judging. at such times we recommend, personal Counselling.

Just as we visit the doctor or for the sprain but in case it turns into a fracture we may have to visit an orthopaedic surgeon for an operation of the broken bone /fracture similarly for few mild issues we visit a psychologist and a counsellor and for the same unattended long term issue which may have become chronic we may be asked to take an psychiatric intervention as medicines would also help in creating relaxation and balance. Education alone does not allow us to progress unless we learn to manage our emotions and remove the myths and misconcepts of visiting a counsellor (learnt in the past) instead relearn some more helpful and progressive facts.

Personal counselling is very important at every step in life even at the corporate levels. There could be a situation in our lives when we are not able to cope with, example of a simple case given above. Such situations affect our subconscious mind deeply which interferes our present conscious life and could not allow us to lead a healthy life. Consciously, we do not realise the implications of our behaviour on others but it eventually could affect our events and relations in daily life at home, in class, or at work. When the past emotional situations not dealt with therapeutically, we could develop unhealthy negative thoughts and feelings which we need to be aware of like, "I have no one to whom I can share my personal issues, am I happy? Am I feeling lonely?, having sleepless nights?", such thoughts could again lead to further anxiety and can release harmful hormones; which could affect our performance, decision making, logical thinking, studies, relationships, career, and gradually affect our physiological health like hypertension, respiratory ailments, gastrointestinal disturbances, migraine and tension headaches, pelvic pain, impotence, frigidity, dermatitis, and ulcers

A counsellor is a non-judgemental friend who understands, ensures privacy and confidentiality of the client and counsels you by giving choices so that you make the right decision. Counselling is based on realistic, structured and research based study.

NMIMS does care about the students and thus have appointed a full time 'Clinical Psychologist and a counsellor', MEETA SHAH, available on the 8th floor, Cabin:-West-855, NMIMS University, at the Mumbai campus for all the students.

20.0 International Student Exchange Program Policy

20.1 Introduction

NMIMS Deemed-to-be-University has developed an extensive International Students Exchange Program in order to provide a cross cultural exposure and a global perspective to the students apart from classroom teaching. The Exchange Program has become increasingly popular with the students and every year students get a chance to spend Semester/Trimesters at a partner Institute. With the dedicated International Linkages department in place, efforts are underway to have larger number of students to avail of this unique opportunity in every school. It is strongly recommended for all students to have international exposure in terms of academics and cultural immersion. However, due to some limitations, the students who do not visit these foreign institutes as part of the exchange program benefit through interaction with the overseas students who visit us.

20.2 PREAMBLE

In a world that is increasingly interdependent, it is imperative for the NMIMS Deemed-to-be-University to have an internationalization agenda. This involves creation of a multi ethnic environment in our programs on our campus. This can happen only when students from different countries and communities join NMIMS programs.

This policy on internalization seeks to clarify the philosophy behind the NMIMS Deemed-to-be-University's Internationalization program and sets out the eligibility of students to apply for an international exchange program. It also sets out the selection criteria and guidelines for assessing applications and the expectations from the students going for the exchange program.

This policy also lays out the facilities for international students in our programs and also the expectations from them. We expect our foreign students to conduct themselves at par with other Indian students.

To aggressively pursue the internalization agenda, NMIMS Schools have signed MOUs with leading Universities and Schools as given below:

A. The University Level:

- Charles Darwin University, Australia

21.0 Safety Guide for Students on Floods, Fire and Earthquakes

Introduction

Mumbai is vulnerable to various natural and manmade disasters such as fire and industrial accidents, floods, chemical (transport and handling), biological, and nuclear hazards, earthquake, cyclones, landslides, bomb blasts, terrorism, riots and tidal surge due to its geographic conditions, industrial growth, increasing population density and squatter settlements have increased Mumbai's vulnerability to disasters.

The safety measures for a few disasters such as 1) Floods, 2) Earthquakes and 3) Fire in Mumbai are highlighted briefly in this document.

21.1 Floods:

Floods in Mumbai are attributable to simultaneous occurrence of rainfall and high tides. If the rainfall is in excess of 200 mm in a day (24 hrs), floods can occur anytime irrespective of tides. However, if there is moderate rainfall but the tide is in excess of 4.50 meters at the same time, the city of Mumbai is likely to get flooded.

Precautions to be taken in case of Floods¹ are given in the Table 1 below.

Floods in Mumbai -Are we prepared this time? (2009). Retrieved April, 2010 from Deloitte Official Website: <http://bcm-india.org/deloitte-mumflood.pdf>

Before Floods	During Floods	After Floods
<ul style="list-style-type: none"> Identify and visit elevated areas in and around the Institute as places of refuge during a flood Be aware of drainage channels, and other low-lying areas known to flood suddenly. Consult and involve local authorities in the institutes Check out for the monsoon alerts for the heavy rains declared by the Municipal Corporation of Greater Mumbai Do not travel long distances on dates indicated as 'Monsoon Alerts'. Contact the Institute if there is any pre planned activity or examination or any other important work on that day and try to adjust it on some other day Keep locally available equipments such as ropes, battery, radio, plastic bottles and cans handy during rainy season. This can help you to plan your 	<ul style="list-style-type: none"> Evacuate to previously identified elevated areas Don't try to save valuables. Six inches of moving water can make you fall If you have to walk in water, walk where the water is not moving Use a stick to check the firmness of the ground in front of you Avoid floodwaters; water may be contaminated by oil, gasoline, or raw sewage Water may also be electrically charged from underground or downed power lines Listen to the radio for advance information and advice. Don't spread rumors Move vehicles to the highest ground nearby Do not enter floodwaters by foot if you can 	<ul style="list-style-type: none"> Stay away from downed power lines, and report them to Security Officer Leave the Institute / home only when authorities indicate it is safe Stay out of any building if it is surrounded by floodwaters Use extreme caution when entering buildings; there may be hidden damage, particularly in foundations Floors in the building will be slippery due to water and mud. Walk carefully on the slippery floor. Wear appropriate footwear. These can be a major health hazard • First protect yourself and then help others.

21.2 Earthquake

Mumbai is in the 'Moderate Seismic Zone III' which can experience quakes up to 6.5 on the Richter scale.

Seismologists say that the major fault lines in Mumbai run along the Thane creek, Panvel creek and the Amba River, all three intersecting at Uran. A fault line also runs from Malabar Hill to Worli passing through Cumballa Hill.

Precautions to be taken in case of earthquakes are displayed in Table 2 below:

2 City falls in moderate seismic zone. (2010). Retrieved April, 2010 from the Times of India's official Website: <http://timesofindia.indiatimes.com/articleshow/1257119.cms>

Before Earthquake	During Earthquake	After Earthquake
<ul style="list-style-type: none"> • In hostel or at home keep heavy objects on lower shelves so they will not fall on you during an earthquake. • Make sure your water heater and gas cylinder is secured and intact. This will ensure that it will not fall during an earthquake and hurt someone or start a fire. • Keep a torch and a portable transistor radio handy. • Keep the corridors in the hostel/house clear of furniture and other things, making movement easier. 	<p>A) If you are at home or inside a building</p> <ul style="list-style-type: none"> • Do not rush to the doors or exits; never use the lifts; keep well away from windows, mirrors, chimneys and furniture. • Protect yourself by staying under the lintel of an inner door, in the corner of a room, under a table or even under a bed. <p>B) If you are in the street</p> <ul style="list-style-type: none"> • Walk towards an open place in a calm and composed manner. Do not turn on switches. There may be gas leaks or short-circuits. • If there is a fire, try to put it out. If you cannot, call the fire brigade. • If possible then contact fire brigade immediately. • Immediately clean up any inflammable products that may have spilled (alcohol, paint, etc). • Avoid places where there are loose electric wires and do not touch any metal object in contact with them. • Do not drink water from open containers without having examined it and filtered it through a sieve, a filter or an ordinary clean cloth. • Eat something. You will feel better and more capable of helping others. • If the building is badly damaged, you will have to leave it. Collect water containers, food, and ordinary and special medicines (for persons with heart complaints, diabetes, etc.). • Help people who are injured. Provide them first aid. Do not move seriously injured people unless they are in danger. <p>B) If you are outside</p> <ul style="list-style-type: none"> • If you know that people have been buried, tell the rescue teams. Do not rush and do not worsen the situation of injured persons or your own situation. • Do not re-enter badly damaged buildings and do not go near damaged structures. • Do not walk around the streets to see what has happened. Keep clear of the streets to enable rescue vehicles to pass. • Keep away from beaches and low banks of rivers. Huge waves may sweep in. • Keep updating yourself with latest information on earthquake through radio or T. V.

21.3 Fire

Greater Mumbai is greatly diversified and practically has every type of fire risk. Precautions to be taken in case of fire

are given in the Table 3 below:

Before Fire	During Fire	After Fire
<ul style="list-style-type: none"> Identify the fire hazards and where fires might start, e.g. laboratories, store room, kitchen and other such places) Identify all the exit routes of the Institute. (There are six exit routes in UPG building) Check the adequacy of fire fighting apparatus and its maintenance. 	<ul style="list-style-type: none"> Do not panic. Shout loudly for help Do not run. Do not waste time in collecting valuables. Do not panic. Inform the fire brigade about the fire and alert neighbors. If possible, use fire extinguisher. Do not take shelter in toilet. Shut all the doors behind you while leaving the room to prevent fire from spreading everywhere. Do not use the lift to escape. Use nearest means of escape and the staircase available. Make exit to ground level instead of the terrace. Report about your safe escape and any other information to the University authorities, fire brigade or police present at the site. <p><i>If trapped or stranded:</i></p> <ul style="list-style-type: none"> Stay close to the floor level. Cover the gaps of the door by any piece of cloth available. Do not jump out of the building. Signal or shout for help. Stop, drop and roll on the ground and cover with blanket; pour water on the body Dial 101 or 22620 5301 for fire brigade Give the fire officer detailed address, nature of the incident and the telephone number from which you are calling. Preferably, use landline. Keep down the receiver and wait at the same spot. Control Room will call back to verify the call. Wait for the Fire Brigade to arrive and co-operate with the firefighters. 	<ul style="list-style-type: none"> Don't re-enter or permit anyone to enter the building, unless the fire officials have given permission to enter.

Message from Dean

Dear Students,

Welcome to SPPSPTM!!

Established in the year 2006, the school has been marching forward and scaling new heights year after year with its unique industry oriented programmes. It has remained at par with the dynamic and ever-changing requirements of the Pharmaceutical & Healthcare Industry by living up to its motto of CREATING SKILLED HEALTHCARE PROFESSIONALS.

The Indian pharmaceuticals market is third largest in terms of volume and thirteenth largest in terms of value, as per a pharmaceuticals sector analysis report. The market is dominated majorly by branded generics which constitute nearly 70 to 80 per cent of the market. Considered to be a highly fragmented industry, consolidation has increasingly become an important feature of the Indian pharmaceutical market. India has achieved an eminent global position in Pharma sector. The Indian Pharma market size is expected to grow to US\$ 85 billion by 2020. The growth in Indian domestic market will be on back of increasing consumer spending, rapid urbanization, and raising healthcare insurance and so on, thus, creating more and more employment opportunities for Pharmacy Graduates.

The School has been awarded Rajiv Gandhi National Quality Award for MSME Scale Service under Category Awards by Bureau of Indian Standards, Govt. of India for Quality, Best Placement Brochure Award by Business School Affaire & Dewang Mehta National Education Awards, Best Education Institute in Pharmacy by World Education Congress, Global Awards, Best Academic & Industry Interface at the Golden Globe Tiger Award, Best Educational Institute in Pharmacy by Asian Leadership Awards and Quality Excellence Award for Best Institute in Promoting Research by World Education Congress

The School has appointed highly qualified faculty with rich teaching experience and research expertise. We support the students with state of art infrastructure, laboratories and world class facilities.

We look forward to your whole hearted commitment in your stint with the school and wish you a great learning experience.

Best Wishes!!

Dean

- 2.1.1 The use of cell phones in class rooms is strictly prohibited. Strict action will be taken against students using cell phones in the class room.
- 2.1.2 The LCD projector in the classroom can be handled by students only in the presence of a faculty or any such authority.
- 2.1.3 Students should visit the Blackboard regularly.
- 2.1.4 Misconduct of any sort from any student will be dealt with strictly. Any student resorting to any indecent, unruly behavior or causing disturbance, annoyance or raising voice for any reason which results in irritating or disturbing any other person, shall be considered as 'misconduct' and will be dealt with accordingly.

Even unintentional violation in this regard would be considered as violation of SPPSPTM Dress Code and will be dealt with accordingly, after one oral warning.
- 2.1.6 The deadline for the submission of projects, presentations and/or date declared for viva shall be final under all circumstances.
- 2.1.7 All doubts regarding attendance should be cleared with concerned faculties at appropriate time (at the end of each class/ during break or at the end of class hours of the day). If a student is marked 'Absent' even when present, s/he should immediately inform the concerned faculty. 'Attendance Report' of all the students in a class would be displayed on the Blackboard at the end of every month. Students are therefore informed to carefully read and follow guidelines under SRB point no. 3.2, Part 1, failing to do so, no changes in the Attendance Register would be entertained and the contents in the Attendance Register would be considered as correct and final for all purposes.

2.2 Academic Guidelines:

- 2.2.1 The structures of various courses are given separately in the Academic Curriculum section of this document. Students are required to go through this section in detail.
- 2.2.2 Any changes in the course structure, course outlines and so on, will be communicated on the notice board / BBT.
- 2.2.3 The students will be taught each of these subjects according to the prescribed course outlines. The faculty, however, may circulate individualized session-wise detailed teaching plans to the students.
- 2.2.4 Open Book examinations are permitted if the faculty desires. However, during such examinations, no exchange of notes is permissible. Prior approval of Dean is essential to conduct the same.
- 2.2.5 All the programmes have elective course in either of the semester. The minimum number of students required to commence the elective course will be 15.

2.3 Value Added Compulsory Workshops/ Activities

2.3.1 Soft Skills

Need: Studies on Pharma graduates worldwide have shown that they are very strong in concepts and technical knowledge but are very weak in soft skills. Industry consistently pointed out the same and based on Industry feedback soft skill module has been developed.

Methodology: Soft skills training will be conducted in the form of lectures for all the first year students (UG & PG). The lectures will be a mix of role plays, activities, games, interactions, video recording, replaying the video for feedback, out bound programs, and micro growth labs. This will be handled by experienced faculty of Soft Skills.

2.3.2 Industry / Hospital Visits

Students visit various Pharma companies to get a perspective/ glimpse of the actual work situation, to understand how theory is put into practice, observe how operations are done thus gaining firsthand knowledge of the operative systems thereby bridging the gap between theory and practice which will be a value add to them.

2.3.3 Guest Lectures

Speakers from Multinational Pharma industry / faculty of National repute / our Alumni are invited to deliver guest lectures to the students. It is mandatory for each student to attend these lectures.

2.3.4 **Value Added Compulsory Workshops/ Activities** are integral part of curriculum. It is mandatory for all the students to attend all Value Added Compulsory Workshops/ Activities. This will be in addition to the student performance in credit courses.

Note: Students have to compulsorily attend all the value added activities (co-curricular / extracurricular) conducted by school. The attendance for these activities will be considered like any other credit course. Attendance rule will be applicable to these activities as well (Refer point no. 3.2)

2.4 Re-Admission rules:

In continuation to the re-admission rules explained in Part I of this SRB, the maximum duration permissible for completion of the programme (in years) are mentioned in the table below:

Re-admission after break of study

Candidate who seeks re-admission to the program after break of study has to get the approval from the university by paying a condonation fee. No condonation is allowed for the candidate who has more than 2 years of break up period and he/she has to rejoin the program by paying the required fees

- 3.1.8.4 A student shall be eligible to carry forward all the courses of V, VI and VII semesters till the VIII semester examinations. However, he/she shall not be eligible to get the course completion certificate until all the courses of I, II, III, IV, V and VI semesters are successfully completed.

In simpler terms there shall NOT be any ODD BATCH for any semester.

Note: Grade AB should be considered as failed and treated as one head for deciding academic progression. Such rules are also applicable for those students who fail to register for examination(s) of any course in any semester.

3.1.9 **Evaluation:**

- 3.1.9.1 **DOUBLE EVALUATION:** Wherever for a course the number of students appearing for the examination is less than 31, factorization will not be applicable irrespective of the number of faculties evaluating the answer books of the course concerned. In such cases, where factorization is not applied, double evaluation or 100% moderation will be carried out. The first evaluation will be performed by the course teacher of the course concerned and the second evaluation of all the answer books or 100% moderation will be carried out by an external course expert selected from the panel approved as per the norms prescribed and in force at that moment. The simple average of the marks allotted by the Internal Course Teacher and the External Subject Expert will be treated as the marks allotted to the student in the course concerned. If the average mark obtained by the student is in decimal, the same shall be converted to the next higher integer. This average mark will be considered for awarding the grace marks if eligible and grade and declaring the result of the student.
- 3.1.9.2 **DOUBLE EVALUATION:** Wherever the number of examiners evaluating answer books of a course is only one, irrespective of the number of students appearing for the examination in the course concerned, factorization will not be applicable and double evaluation or 100% moderation will be carried out. The first evaluation will be performed by the course teacher of the course concerned and the second evaluation of all the answer books or 100% moderation will be carried out by an external course expert selected from the panel approved as per the norms prescribed and in force at that moment. The simple average of the marks

allotted by the Internal Course Teacher and the External Subject Expert will be treated as the marks allotted to the student in the course concerned. If the average mark obtained by the student is in decimal, the same shall be converted to the next higher integer. This average mark will be considered for awarding the grace marks if eligible and grade and declaring the result of the student. There shall be no factorization of marks in such a case.

3.1.10 Grading of performances

3.1.10.1 Letter grades and grade points allocations:

Based on the performances, each student shall be awarded a final letter grade at the end of the semester for each course. The letter grades and their corresponding grade points are given in Table – V.

Table – V: Letter grades and grade points equivalent to Percentage of marks and performances

Percentage of Marks Obtained	Letter Grade	Grade Point	Performance
90.00 – 100	O	10	Outstanding
80.00 – 89.99	A	9	Excellent
70.00 – 79.99	B	8	Good
60.00 – 69.99	C	7	Fair
50.00 – 59.99	D	6	Average
Less than 50	F	0	Fail
Absent	AB	0	Fail

A learner who remains absent for any end semester examination shall be assigned a letter grade of AB and a corresponding grade point of zero. He/she should reappear for the said evaluation/examination in due course.

3.1.11 The Semester grade point average (SGPA)

The performance of a student in a semester is indicated by a number called ‘Semester Grade Point Average’ (SGPA). The SGPA is the weighted average of the grade points obtained in all the courses by the student during the semester. For example, if a student takes five courses (Theory/Practical) in a semester with credits C1, C2, C3, C4 and C5 and the student’s grade points in these courses are G1, G2, G3, G4 and G5, respectively, and then students’ SGPA is equal to:

$$SGPA = \frac{C1G1 + C2G2 + C3G3 + C4G4 + C5G5}{C1 + C2 + C3 + C4 + C5}$$

The SGPA is calculated to two decimal points. It should be noted that, the SGPA for any semester shall take into consideration the F and ABS grade awarded in that semester. For example if a learner has a F or ABS grade in course 4, the SGPA shall then be computed as:

$$SGPA = \frac{C1G1 + C2G2 + C3G3 + C4* ZERO + C5G5}{C1 + C2 + C3 + C4 + C5}$$

3.1.12 Cumulative Grade Point Average (CGPA)

The CGPA is calculated with the SGPA of all the VIII semesters to two decimal points and is indicated in final grade report card/final transcript showing the grades of all VIII semesters and their courses. The CGPA shall reflect the failed status in case of F grade(s), till the course(s) is/are passed. When the course(s) is/are passed by obtaining a pass grade on subsequent examination(s) the CGPA shall only reflect the new grade and not the fail grades earned earlier. The CGPA is calculated as:

$$CGPA = \frac{C1S1 + C2S2 + C3S3 + C4S4 + C5S5 + C6S6 + C7S7 + C8S8}{C1 + C2 + C3 + C4 + C5 + C6 + C7 + C8}$$

where C1, C2, C3,.... is the total number of credits for semester I,II,III,.... and S1,S2, S3,....is the SGPA of semester I,II,III,....

3.1.13 Declaration of class

The class shall be awarded on the basis of CGPA as follows:

First Class with Distinction = CGPA of. 7.50 and above

First Class = CGPA of 6.00 to 7.49

Second Class = CGPA of 5.00 to 5.99

3.1.14 Project work

All the students shall undertake a project under the supervision of a teacher and submit a report. The area of the project shall directly relate any one of the elective subject opted by the student in semester VIII. The project shall be carried out in group not exceeding 5 in number. The project report shall be submitted in triplicate (typed & bound copy not less than 25 pages).

The internal and external examiner appointed by the University shall evaluate the project at the time of the Practical examinations of other semester(s). Students shall be evaluated in groups for four hours (i.e., about half an hour for a group of five students). The projects shall be evaluated as per the criteria given below

The scheme of question paper for theory and practical sessional examinations is given below. The average marks of two sessional exams shall be computed for internal assessment as per the requirements given in tables – X.

3.2.6 Promotion and award of grades

A student shall be declared PASS and eligible for getting grade in a course of M.Pharm. programme if he/she secures at least 50% marks in that particular course including internal assessment.

3.2.7 Carry forward of marks

3.2.10.2 A student shall be eligible to carry forward all the courses of I and II semesters till the III semester examinations. However, he/she shall not be eligible to attend the courses of IV semester until all the courses of I, II and III semesters are successfully completed.

3.2.10.3 In case of M.Pharm+MBA, a student shall be eligible to carry forward all the courses of III and IV semesters till the V semester examinations. However, he/she shall not be eligible to attend the courses of VI semester until all the courses of III, IV and V semesters are successfully completed.

3.2.10.3.2 For M.Pharm+MBA, student shall be eligible to get his/her CGPA upon successful completion of the courses of I to VI semesters within the stipulated time period as per the norms.

Note: Grade AB should be considered as failed and treated as one head for deciding ATKT. Such rules are also applicable for those students who fail to register for examination(s) of any course in any semester.

3.2.11 Evaluation:

3.2.11.1 **DOUBLE EVALUATION:** Wherever for a course the number of students appearing for the examination is less than 31, factorization will not be applicable irrespective of the number of faculties evaluating the answer books of the course concerned. In such cases, where factorization is not applied, double evaluation or 100% moderation will be carried out. The first evaluation will be performed by the course teacher of the course concerned and the second evaluation of all the answer books or 100% moderation will be carried out by an external course expert selected from the panel approved as per the norms prescribed and in force at that moment. The simple average of the marks allotted by the Internal Course Teacher and the External Subject Expert will be treated as the marks allotted to the student in the course concerned. If the average mark obtained by the student is in decimal, the same shall be converted to the next higher integer. This average mark will be considered for awarding the grace marks if eligible and grade and declaring the result of the student.

3.2.11.2 **DOUBLE EVALUATION:** Wherever the number of examiners evaluating answer books of a course is only one, irrespective of the number of students appearing for the examination in the course concerned, factorization will not be applicable and double evaluation or 100% moderation will be carried out. The first evaluation will be performed by the course teacher of the course concerned and the second evaluation of all the answer books or 100% moderation will be carried out by an external course expert selected from the panel approved as per the norms prescribed and in force at that moment. The simple average of the marks allotted by the Internal Course Teacher and the External Subject Expert will be treated as the marks allotted to the student in the course concerned. If the average mark obtained by the student is in decimal, the same shall be converted to the next higher integer. This average mark will be considered for awarding the grace marks if eligible and grade and declaring the result of the student. There shall be no factorization of marks in such a case.

3.2.12 Grading of performances**3.2.12.1 Letter grades and grade points allocations:**

Based on the performances, each student shall be awarded a final letter grade at the end of the semester for each course. The letter grades and their corresponding grade points are given in table XIII.

Table XIII. Letter grades and grade points equivalent to Percentage of marks and performances

Percentage of Marks Obtained	Letter Grade	Grade Point	Performance
90.00 – 100	O	10	Outstanding

80.00 – 89.99	A	9	Excellent
70.00 – 79.99	B	8	Good
60.00 – 69.99	C	7	Fair
50.00 – 59.99	D	6	Average
Less than 50	F	0	Fail
Absent	AB	0	Fail

A learner who remains absent for any end semester examination shall be assigned a letter grade of AB and a corresponding grade point of zero. He/she should reappear for the said evaluation/examination in due course.

3.2.13 The Semester grade point average (SGPA)

The performance of a student in a semester is indicated by a number called 'Semester Grade Point Average' (SGPA). The SGPA is the weighted average of the grade points obtained in all the courses by the student during the semester. For example, if a student takes five courses (Theory/Practical) in a semester with credits C1, C2, C3 and C4 and the student's grade points in these courses are G1, G2, G3 and G4, respectively, and then students' SGPA is equal to:

$$C1G1 + C2G2 + C3G3 + C4G4$$

$$SGPA = \frac{C1G1 + C2G2 + C3G3 + C4G4}{C1 + C2 + C3 + C4}$$

The SGPA is calculated to two decimal points. It should be noted that, the SGPA for any semester shall take into consideration the F and ABS grade awarded in that semester. For example if a learner has a F or ABS grade in course 4, the SGPA shall then be computed as:

$$C1G1 + C2G2 + C3G3 + C4 * ZERO$$

$$SGPA = \frac{C1G1 + C2G2 + C3G3 + C4 * ZERO}{C1 + C2 + C3 + C4}$$

3.2.14 Cumulative Grade Point Average (CGPA)

The CGPA is calculated with the SGPA of all the IV semesters to two decimal points and is indicated in final grade report card/final transcript showing the grades of all IV semesters and their courses. The CGPA shall reflect the failed status in case of F grade(s), till the course(s) is/are passed. When the course(s) is/are passed by obtaining a pass grade on subsequent examination(s) the CGPA shall only reflect the new grade and not the fail grades earned earlier. The CGPA is calculated as:

$$C1S1 + C2S2 + C3S3 + C4S4$$

$$CGPA = \frac{C1S1 + C2S2 + C3S3 + C4S4}{C1 + C2 + C3 + C4}$$

where C1, C2, C3,.... is the total number of credits for semester I,II,III,.... and S1,S2, S3,....is the SGPA of semester I,II,III,....

3.2.15 Declaration of class

The class shall be awarded on the basis of CGPA as follows:

First Class with Distinction = CGPA of 7.50 and above

First Class = CGPA of 6.00 to 7.49

Second Class = CGPA of 5.00 to 5.99

3.2.16 Project work

All the students shall undertake a project under the supervision of a teacher in Semester III to IV and submit a report. 4 copies of the project report shall be submitted (typed & bound copy not less than 75 pages). The internal and external examiner appointed by the University shall evaluate the project at the time of the Practical examinations of other semester(s).

The projects shall be evaluated as per the criteria given below.

Evaluation of Dissertation Book:

Objective(s) of the work done	50 Marks
Methodology adopted	150 Marks
Results and Discussions	250 Marks
Conclusions and Outcomes	50 Marks

Total	500 Marks
--------------	------------------

Evaluation of Presentation:

Presentation of work	100 Marks
Communication skills	50 Marks
Question and answer skills	100 Marks

Total	250 Marks
--------------	------------------

Moreover, the candidates should have completed the M. Pharm program in minimum prescribed number of years, (two years) for the award of Ranks.

3.2.18 Award of degree

Candidates who fulfill the requirements mentioned above shall be eligible for award of degree during the ensuing convocation.

3.2.19 Duration for completion of the program of study

The duration for the completion of the program shall be fixed as double the actual duration of the program and the students have to pass within the said period, otherwise they have to get fresh Registration.

3.2.20 Re-admission after break of study

Candidate who seeks re-admission to the program after break of study has to get the approval from the university by paying a condonation fee.

For Management Subjects:**Presentation in class**
